

Overseas Property Investment

Turning dreams into realities and profitable investments

At G Force we work with only the highest quality developers and can advise you on a whole range of different types of properties in countries across the world whether you're looking for a dream holiday home, to relocate or retire, or are looking for a profitable and attractive investment.

We have property available in:

- Spain, Majorca, Ibiza, Canary Islands
- Portugal
- Turkey
- Morocco
- Canada, Florida, Caribbean

Our properties range widely from under £50,000 to over £1million, from studio apartments to luxury villas and on popular Spanish coastlines to secluded tropical hideaways in the Caribbean. Whatever you're looking for we can source the perfect property for you.

Overseas Mortgages

Our expertise in the field of mortgages extends to international locations and where mortgage facilities are available for foreign buyers we can advise you on your various options and guide you through the very different processes of application for each country. Overseas mortgages can either be organised using a UK bank that offers euro mortgages for example, or through using the services of reputable banks local to your property in the country you choose to buy in. If mortgages are not available or suitable for you then we can advise you on your alternative options for raising the necessary finance to make your dream home or investment a possibility.

Overseas Viewing Trips

We have the facility to organise viewing trips for you to all of the locations where we have property for sale and they are run on a no obligation policy where you will not be pressured into buying anything before you are entirely happy with both the property itself and how you intend to finance the purchase.

Additional Services

We have a whole host of services as part of our overseas property division including rental management, after sales, furnishings, maintenance, UK legal services, translations and currency transfer. Simply contact us for more details.
